Profile

A solution-oriented and detailed-focused Full-Stack Developer (with documented competence in Frontend, Backend, System, and Software Development) with practical experience building modern web applications in JavaScript/TypeScript, React, Next.js. I have developed a strong sense for modern web development and precision from previous work roles, and I am now ready to contribute with technical creativity and problem-solving skills in an agile team.

Technical Competence

As a **Software and System Developer**, I primarily work with the following technologies, tools and platforms:

- **Core Languages:** JavaScript, TypeScript, HTML, CSS, SQL, Python(basic).
 - **Frontend:** React, Next.js, Vue.js, TailwindCSS, SCSS/SASS, Shadcn UI, Base UI, Chakra UI, Framer Motion, Web Components, Recharts. Three.js, Redux.
 - **Backend & APIs:** Node.js, Express.js, tRPC, GraphQL, YAML, REST API:er, Prisma, Mongoose, Auth.js, Better-auth.
 - **Databases:** MongoDB, PostgreSQL.
 - **Tools & Platforms:** Git, GitHub, Docker, Compose, CI/CD, Digital Ocean, Vercel, esbuild, Vite, Postman, OpenAI API, Gemini API, AI-assisted development tools (e.g. GitHub Copilot, Cursor, v0).
 - **Testing:** Basic understanding of unit testing (e.g. Jest, Cypress) and TDD-principles.
 - **UI/UX:** Figma, Photoshop, Canva, Premiere, After Effects, Sony Vegas.
-

Development Experience

Full-Stack Developer (LIA Internship) | Semurai *December 2024 – May 2025*

- Developed and architected multiple full-stack applications from scratch with a focus on scalability and modern technology.

- Built a reusable CRM platform (Offertu) with Next.js, Prisma, and MongoDB, including role-based authentication and a data-driven dashboard.
 - Built a corporate website (BRG) with advanced animations, built-in CMS and modern reusable components with a focus on SEO and accessibility as well as email services.
 - Led projects independently in an agile workflow with Scrum. Worked with feature branches, pull requests, and code reviews according to proper Git practice. Participated in sprints with continuous check-ins to ensure timely delivery.
-

Projects

Offertu (CRM/Lead Management)

A reusable foundation for a CRM platform. Responsible for architecture, interface and implementation of all features, including a data-driven dashboard with Recharts and secure authentication using NextAuth.js.

Tech stack: *Next.js, TypeScript, TailwindCSS, Shadcn UI, Prisma, MongoDB, Zod, NextAuth.js, Recharts.*

EgenLista (Business Site)

Led the development of a full-stack customer list tool (EgenLista) using Next.js, Prisma, and NextAuth. Included advanced forms, QR codes, role system, filtering, export and data visualization.

Tech stack: *Next.js, TypeScript, TailwindCSS, Shadcn UI, Prisma, MongoDB, Zod, NextAuth.js, Three.js, Framer Motion, Brevo API.*

LibreChat (DevOps & AI-integration)

Deployment and configuration of a self-hosted AI chat (LibreChat) for internal use. Responsible for the entire DevOps flow, from deploying Docker containers on a cloud VM to network configuration.

Tech stack: *Docker, Docker Compose, Digital Ocean, Cloudflare, MongoDB Atlas, OpenAI API.*

Education

Fullstack JavaScript Developer | Chas Academy, Stockholm September 2023 – June 2025

- Vocational degree with focus on modern web technologies, agile methods, and practical problem-solving. Included a 22-week LIA internship (Learning in Work).
- **Degree certificate:** [Länk till digitalt examensbevis](#)

Computer and Communication Technology | Viva Vägledning, Umeå August 2016 – June 2018

- High school diploma with a focus on modern computer systems, components, and strong proficiency in English.
-

Previous Work Experience

Milk Processing Department | Norrmejerier, Umeå 2023 – 2023

- Sampling of fat content, protein, lactose, pH, nitrate in milk, sour milk, yogurt, cream. Inspection of all facilities for maintenance, leakage, and cleaning, including white zone.

Cleaner | Umeå Städservice, Umeå 2015 –

- Floor mopping, scrubbing machine, cleaning of facilities. Responsible for the daily schedule and confidentiality regarding clients and alarm systems.

Language

- Swedish (Native)
- English (Fluent in speech and writing)
